MONTICELLO NURSERY CO.

MONTICELLO, FLA.

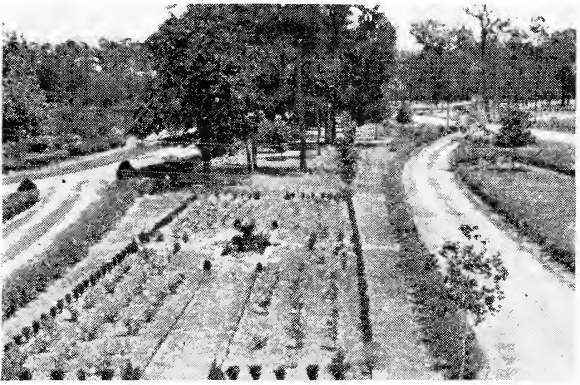

Our Office at Monticello
on the Old Spanish Trail

F. A. MAHAN
PRESIDENT

A. N. WATSON
SALES MANAGER

MEMBERS OF
AMERICAN ASSOCIATION OF NURSERYMEN

ESTABLISHED 1903

Looking East From the Office

The Monticello Nursery Company was established at Monticella, Florida in 1903, and for 28 years has been serving the principal nurseries of the South as a wholesale grower. Our nurseries are located at the western boundary of Monticello, and border the Old Spanish Trail, Paved Highway from Jacksonville to Los Angeles.

Our long experience in growing the best stock for the South enables us to furnish to the retail trade the best in ornamentals and fruits. The many people stopping at our nursery and requesting plants, have caused us to develop the retail business, and we submit this list as covering the best plants and trees for the South.

Our location in Northern Florida usually receives winter temperatures down to about 15 degrees above zero, and the plants we grow will in most cases stand temperatures of zero or below.

Your orders will be handled promptly, and with the best stock that it is possible to grow.

Ordering Always state name, quantity, and size of plants wanted.

Terms Cash should accompany order. If 25% cash accompanies an order, it will be shipped C. O. D. for balance.

Address Always give your full name and full address so that orders will not go astray.

Our Liability We exercise all possible care to have stock well rooted, well grown, healthy, true to name, properly packed and shipped according to instructions. It is, however, mutually agreed between the purchaser and ourselves that our liability in any case is limited to the purchase price of the plants. We give no guarantee, expressed or implied that trees will live or grow.

Discounts Twelve plants of the same variety priced at ten times the unit price.

B&B means plants are dug with ball of earth and burlapped. NR—plants are dug with bare roots.

Biota Orientalis—Shapely Sheared Plants

		CONIFERS			SIZE	EACH
Biota Orientalis (Chinese Arbor Vitae)	E&B	2	to	3	ft.	-----\$1.00
